

CRYSSALIDE

FLIGHT OF THE BUTTERFLIES

In the shadow of Mount Vesuvius, along the renowned Amalfi Coast, comes *CRYSSALIDE*, a *Gamorra*-like story of conquest, of control, of gangs, and the law enforcement agencies battling to rid Italy of its mafia threats and image.

CRYSSALIDE

The return of a powerful businessman to his hometown of Naples after thirty years will change the course of many lives.

Two brothers compete for an obscure business empire, undermined by a magistrate, driven by his thirst for justice and the love of a woman. But can he put an end to their world of corruption?

Sometimes it is better to leave the past where it lies.
